

Central High School
Infinite Campus Lunch Information

Central High School is very excited about the implementation of Infinite Campus for Food Service.

Families and students will be able to deposit money into their accounts via the parent portal, check balances, and verify purchases.

To access the Campus Portal you will need to pick up your unique name and number at registration. These will be handed out at the table where you verify your demographic information.

Each student has an individual account. When you make a deposit you can choose the exact amount for each student or make one deposit that will be split evenly between multiple students.

The following choices can be selected in the new system. If you wish to have any of them activated please complete the bottom of this letter and leave it at the food service table during registration.

Student Name:

Student Number:

Daily \$ Limit:

Block Concessions:

Block Ala Carte:

Parent Signature:
